## WBGF42 CONTRACT GRADE EMULSION FLUORESCENT FINISH PAINT

### **Features:**

A water based Contract Grade Fluorescent Paint. A special range of vivid safety marking paints ideal for use in poorly lit areas. Suitable for application to a wide range of substrates after suitable priming with WBGFP42 Basecoat. Requires a source of daylight, moonlight or artificial light to be effective. This coating has been specially formulated to react with most wavelengths of U.V. light and is ideal for use in nightclubs, children's bedrooms or playrooms.

### **Availability:**

WBGF42 colour range: Red, Yellow, Orange and Pink. 5.0 Litre containers. Please note our products are made to order and it may take 5-7 days before shipping.

### **Volume Solids:**

45% ± 3% (BS 3900 Part A10).

### **Preparation:**

The surface should be thoroughly clean, dry and free from dust and grease. Apply over WBGFP42 Contract Fluorescent Basecoat White.

### **Application:**

It is highly recommended that this product is applied by conventional or airless spray for consistency of colour and to avoid brush marks. Small areas can be brushed or rolled but this can cause unevenness in colour. Use clean tap water for thinning, if required and cleaning. It is recommended that two coats be applied to primed surfaces, allowing 2 hours drying between coats. Must be over coated with WBGFS42 Clear Overcoat.

### **Coverage:**

Approximately 40 sq metres per 5.0 Litre, depending on porosity of substrate.

### **Drying:**

Touch dry: 30 minutes @ 20°C.

Hard dry & recoatable: 2 hours @ 20°C.

**Health & Safety:** Please see MSDS sheet **100C3**.

**Note:** For internal work, maximum ventilation is required. To assist drying if the air flow is insufficient, fans or other mechanical methods of circulating air should be adopted. Precautions must be taken to prevent operators from inhaling the vapours during application.

The foregoing information is given in good faith, based upon tests and experience. It should be noted that recommendations are made without guarantee, as the use of this product is beyond our control. See Standard Conditions of Sale.

The majority of our products are for professional and trade/contractor use only and are not intended for DIY application. Before using any product, please read the appropriate Material Safety Data Sheet and carry out a full risk assessment for the intended use and method of application.
