A146/5/4 SOLAR REFLECTING WATER BASED WHITE

Features:

A Brilliant White, water based matt solar reflective finish suitable for application to asphalt, concrete, asbestos cement and glass. Provides an inexpensive and durable finish.

Availability:

5 Litre containers. Please note our products are made to order and it may take 5-7 days before shipping.

Volume Solids:

34 % \pm 3% (BS 3900 Part A10).

Preparation:

The substrate must be thoroughly clean, dry and free from dust and grease.

Application:

Brush or roller, supplied ready for use. Can be conventionally sprayed, thin with clean tap water up to 20%. Care should be taken when applying to avoid over-thick films which may result in mud-cracking. Use warm, soapy water for cleaning.

Coverage:

Approximately 50 sq metres per 5 Litres.

Drying:

Touch dry: 1 - 2 hours @ 20°C.

Health & Safety: Please see MSDS sheet **100C3**.

Note: For internal work, maximum ventilation is required. To assist drying if the air flow is insufficient, fans or other mechanical methods of circulating air should be adopted. Precautions must be taken to prevent operators from inhaling the vapours during application.

The foregoing information is given in good faith, based upon tests and experience. It should be noted that recommendations are made without guarantee, as the use of this product is beyond our control. See Standard Conditions of Sale.

The majority of our products are for professional and trade/contractor use only and are not intended for DIY application. Before using any product, please read the appropriate Material Safety Data Sheet and carry out a full risk assessment for the intended use and method of application.
